

Iris [A4 size 5 pages]

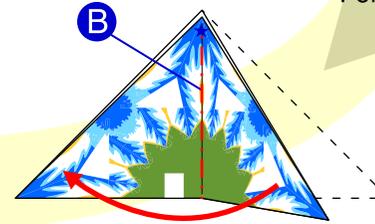

A wide range of different origami has been enjoyed in Japan since ancient times.

With this pattern, you can fold a piece of paper into the broad, beautiful petals of an iris blossom.

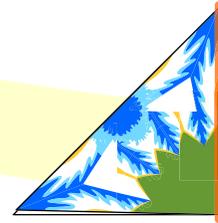

● The letters in blue circles indicate the fold lines. They are also shown on the practice sheet.

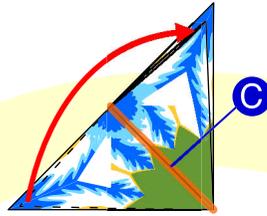

Fold in half along line **A**.

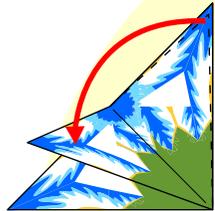

Fold in half again along line **B**.

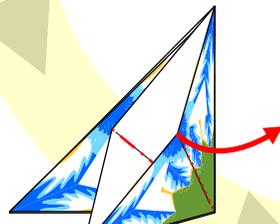

Flatten out the folds.

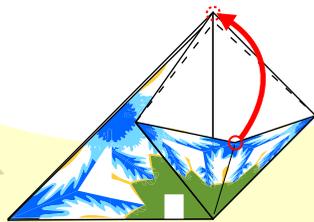

Fold the lower triangle upward along line **C**.

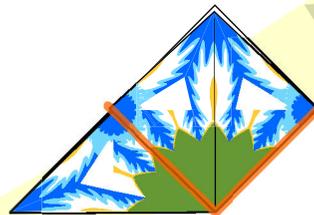

Unfold the triangle back to its original position.

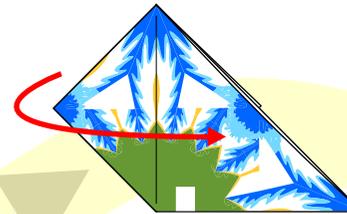

Open up the triangle.

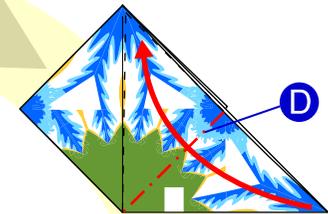

Flatten the triangle to obtain a square.

Flatten out the folds.

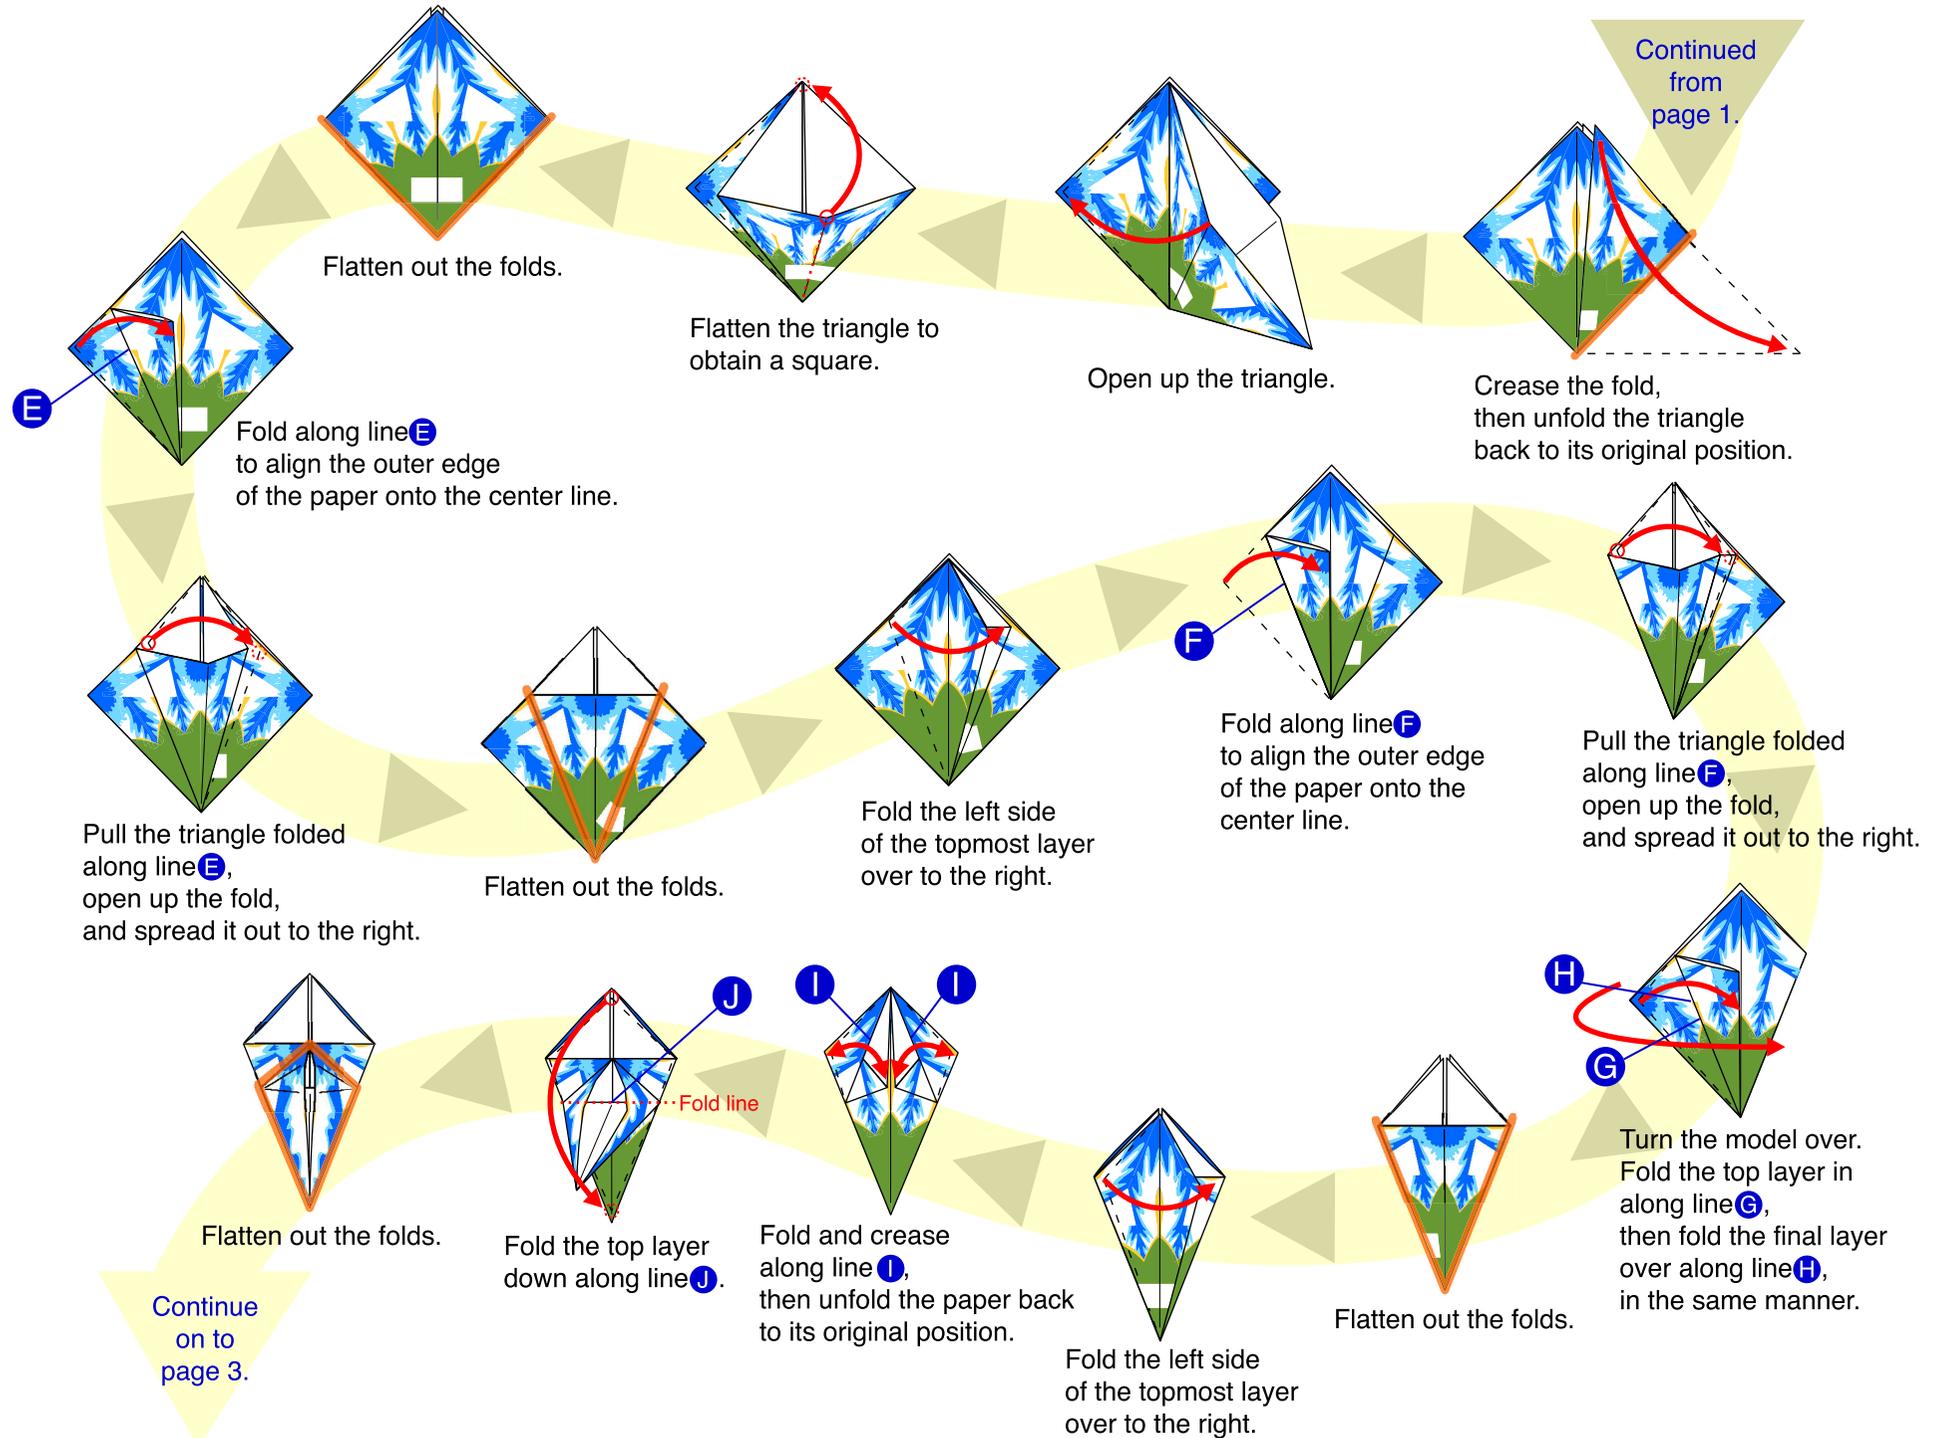

Turn over.

Fold the lower right triangle in half, folding upward along line **D**.

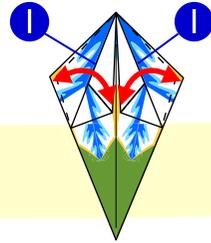

Continue on to page 2.

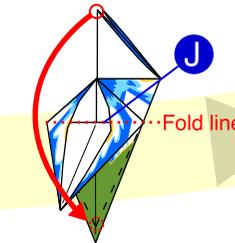

Continued from page 2.

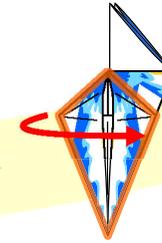

Fold the left side of the second layer over to the right.

Fold and crease along line I, then unfold the paper back to its original position, in the same manner.

Fold the top layer down along line J.

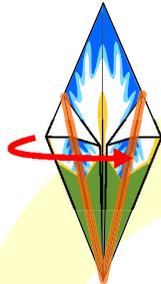

Flatten out the folds and turn over.

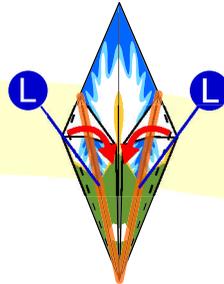

Fold the left side of the topmost layer over to the right, then fold the other two layers along lines I in the same manner.

Flatten out the folds.

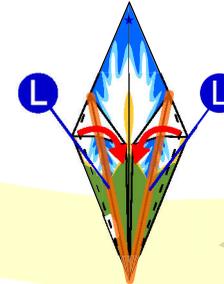

Flatten the fold out. Then, turn the model over and fold the remaining two layers along lines L in the same manner.

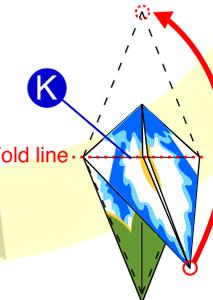

Fold along line L to align the outer edge of the paper onto the center line, then flatten the fold out.

Fold the left side of the second layer over to the right.

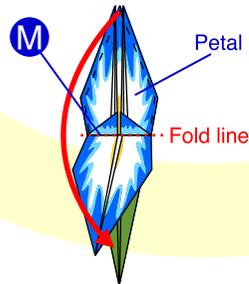

Fold along line L to align the outer edge of the paper onto the center line, then flatten the fold out.

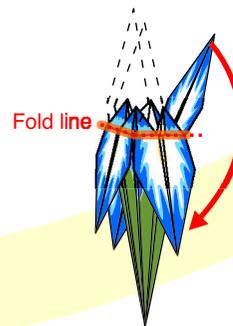

Fold the top layer up along lines K. Then fold the remaining three layers up along line K in the same manner.

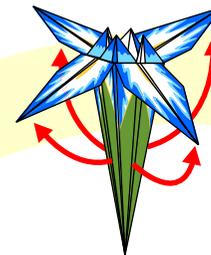

Flatten out the folds.

Fold one petal down along line M.

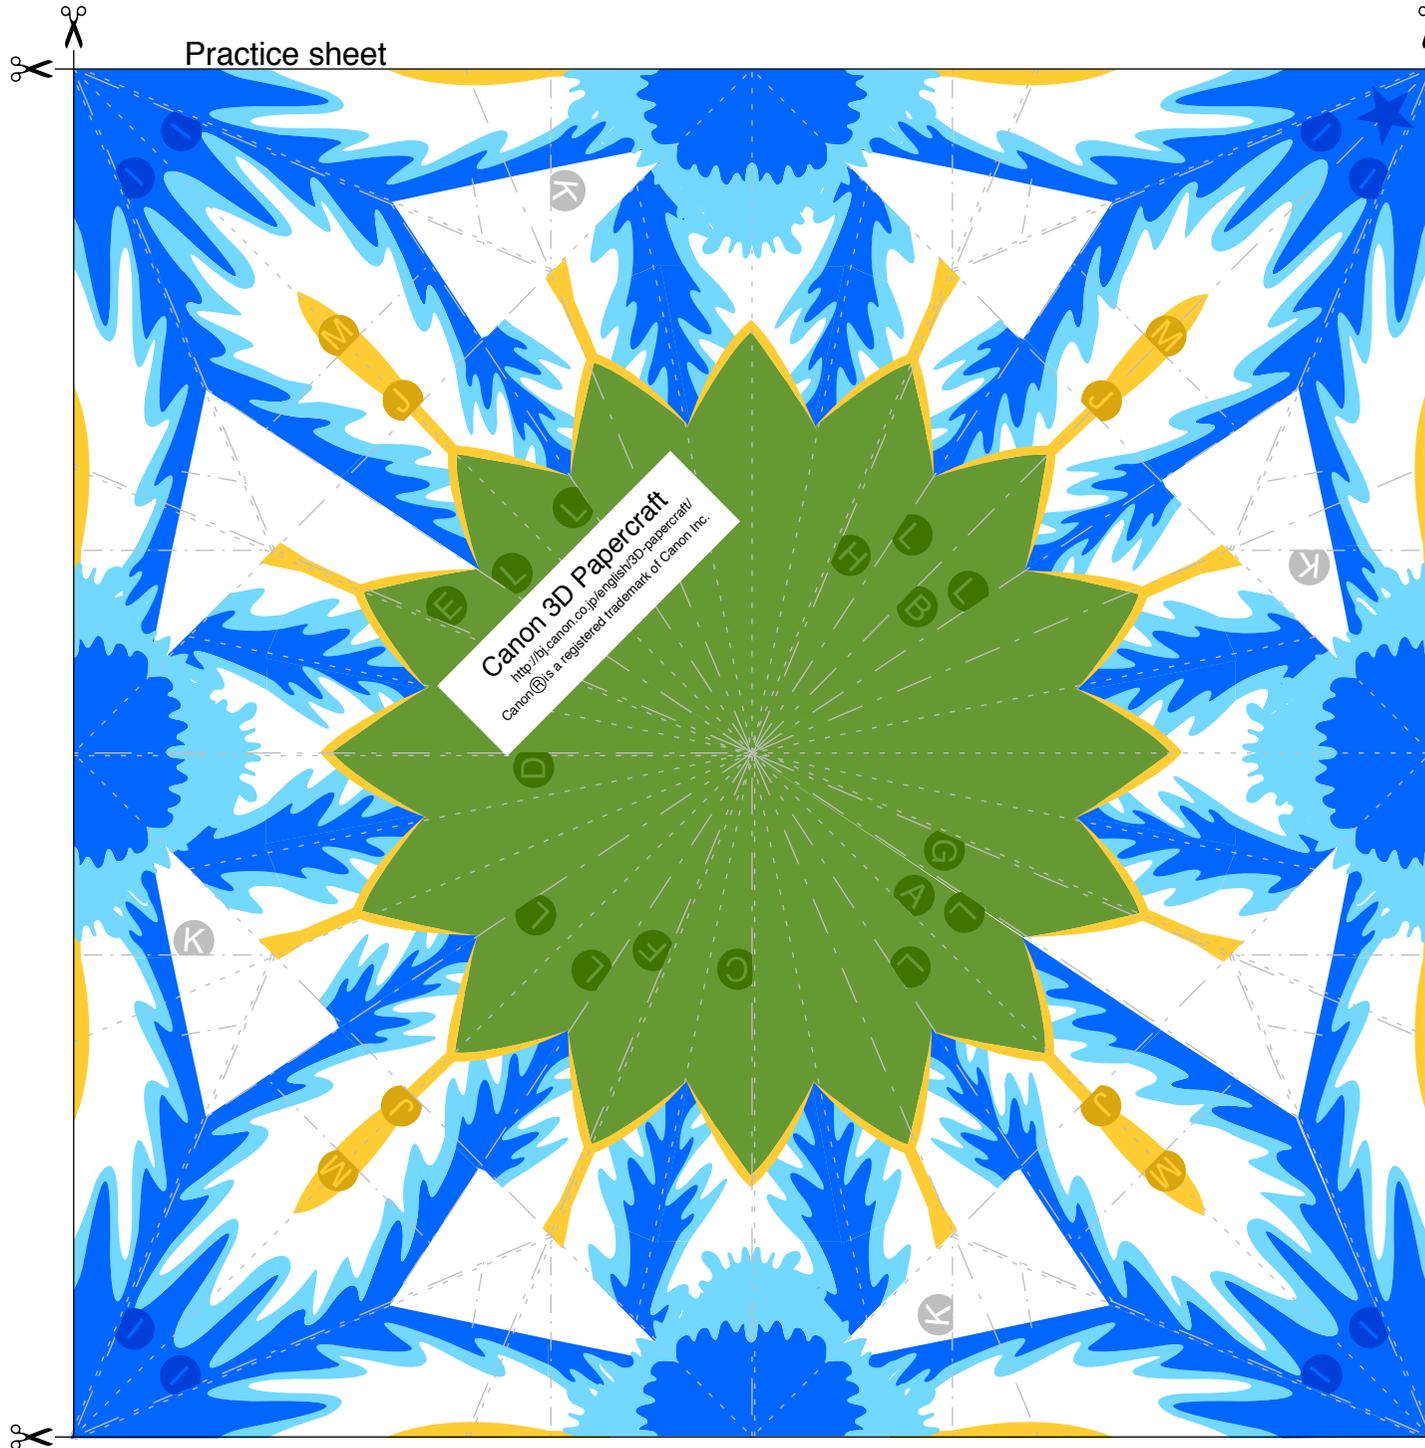

Fold the remaining three petals down along lines M, in the same manner.

Fold the petals outward to their final position.

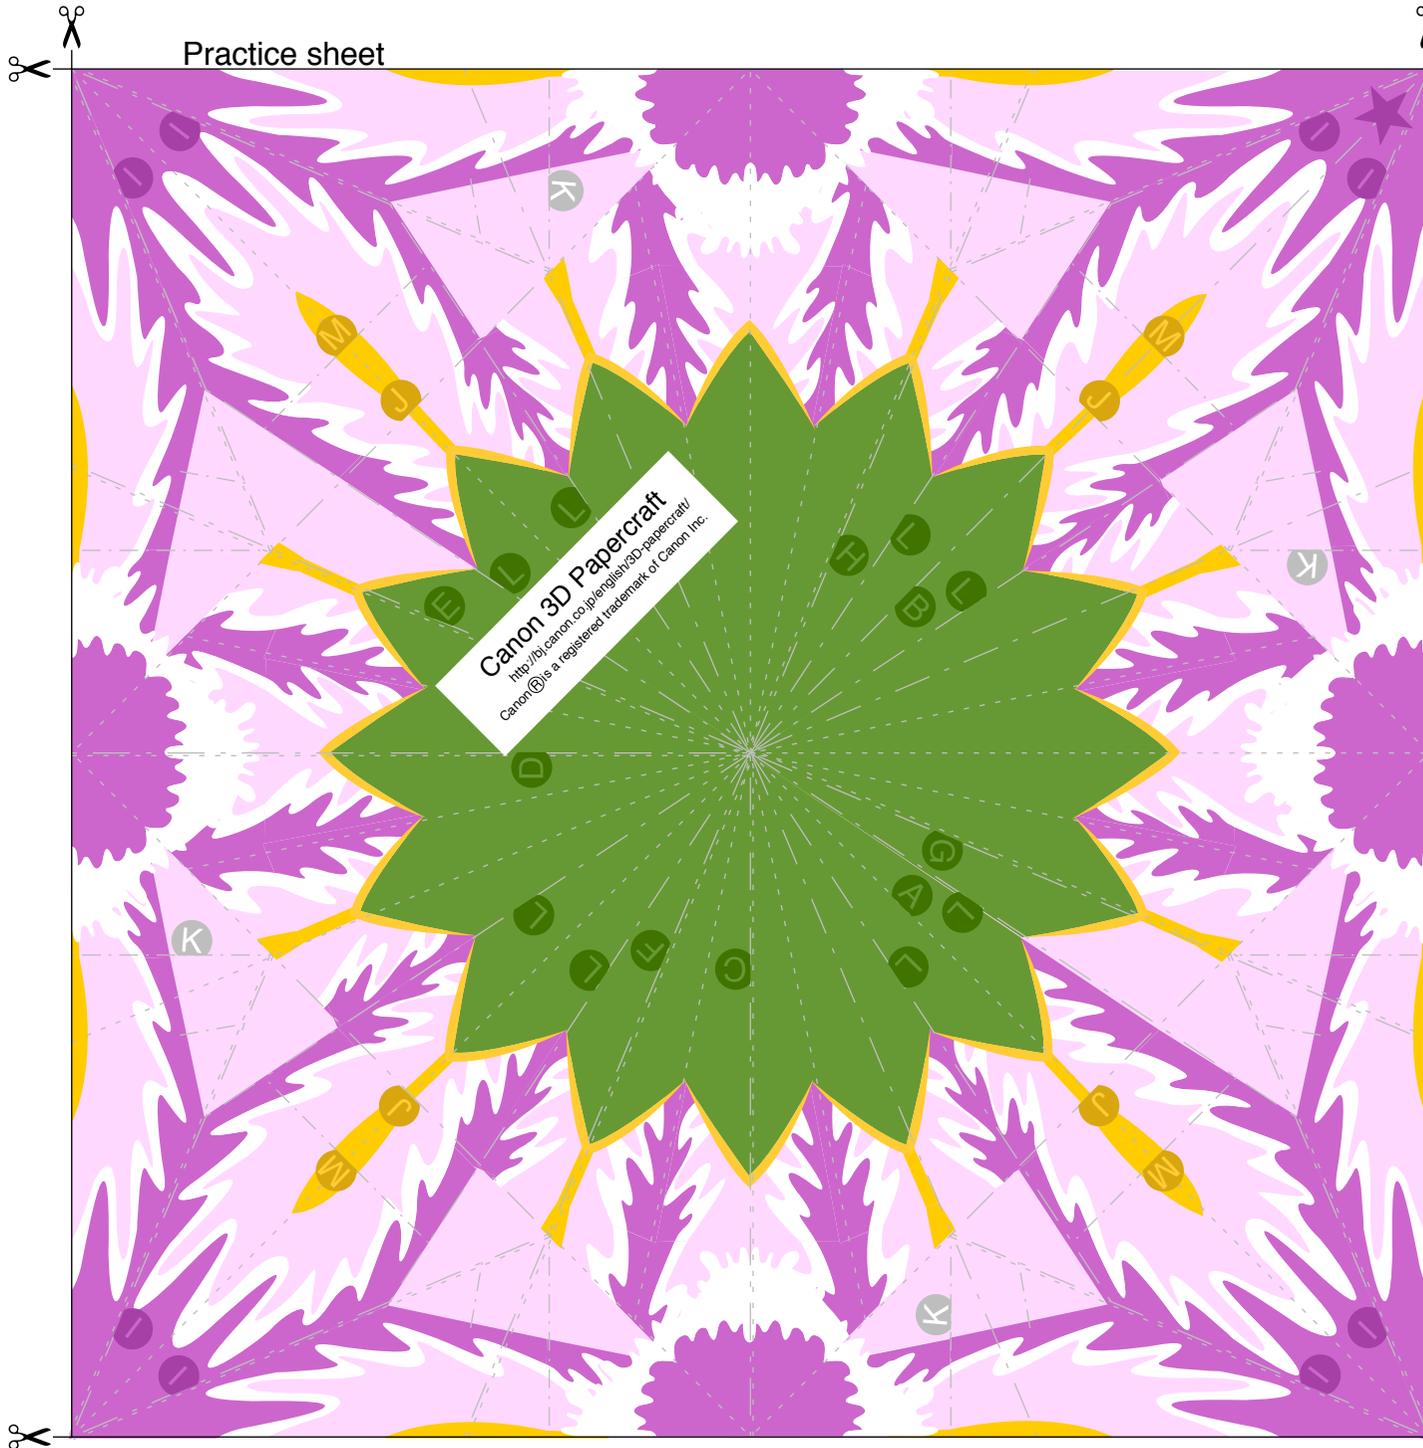

Finished
